July 28, 2007

To Whom It May Concern:

I was requested to write this letter on behalf of Dominic Bernath from my perspective as Chairperson of the Magic Castle Junior Program of the Magic Castle, based upon my two year knowledge of him as a person and a performer, as well as community work he has done on behalf of the Program and the club.

First by way of explanation, the Junior Program is composed of a small, very select group of extremely talented teenage performers who are afforded the opportunity to improve their magical knowledge and abilities through the use of the facilities of The Magic Castle, an exclusive private club for magicians in Hollywood, California.

Through their participation in this Program, dedicated young magicians develop a professional approach to their craft and learn through close interaction with professional performers in the field. Admission to this Program is by audition only, and the standards of acceptance are, of necessity, very high.

At this writing, Dominic has been a member of the Program for over two years, during which time he has displayed talents both in the area of performance and leadership. Additionally, he had donated his magical abilities for benefit shows throughout the community whenever they have been requested.

In addition to these appearances, Dominic has also been an active performer in the Junior Brunch Program, paid weekend appearances which involves presenting sometimes back-to-back shows in the Closeup Gallery for paying members and their guests. Only a small percentage of Junior Program Members are approved for these appearances, and for the last year Dominic has been one of these selected few.

Page Two

Perhaps the Junior Program can claim scant credit for whatever part we've played in Dominic's development as an individual, but we've been proud to have him as a member, and are grateful for his contributions to the Program through his enthusiasm and his magic.

He will truly be missed.

A handwritten signature in blue ink that reads "Robert Dorian". The signature is fluid and cursive, with a long horizontal stroke extending to the right.

Robert Dorian
Chairperson
Magic Castle Junior Program
